MILWAUKEE® is dedicated to delivering a steady stream of advanced solutions for the trades that offer increased productivity and unmatched durability.

GAME-CHANGING SOLUTIONS
At MILWAUKEE®, the phrase “good enough” doesn’t exist in our vocabulary. Our goal is to solve problems in ways that have never been done before. The result: tools and equipment that offer unmatched levels of performance, productivity and durability.

BUILT ON THE BEST FOUNDATION

REDLITHIUM™ BATTERIES
They last longer, think faster and work harder than all other professional LITHIUM-ION batteries. Built to withstand even the harshest environments, REDLITHIUM™ Batteries deliver more work over the life of the battery, no matter what the job.

MILWAUKEE® HIGH PERFORMANCE MOTORS
Highly advanced motor technology boosts efficiency, generating more power from a compact power source. That means the ultimate performance, durability and run-time comes in a smaller, lighter package.

REDLINK™ INTELLIGENCE
An advanced combination of hardware and software, REDLINK™ Intelligence enables full-circle communication between our batteries and tools, allowing for unmatched levels of performance, protection and productivity.
USER-DRIVEN INNOVATIONS

Instead of making assumptions about what users need, we set out to deliver disruptive innovation by getting out on the jobsite, alongside trade professionals, to understand their challenges – the frustrations, needs, and previous limitations. We set out to completely rethink a solution with new-to-world technology and unparalleled levels of design and engineering. Whether it’s bringing cordless power to traditionally corded or gas products or advancing to fundamental tools and equipment, we are dedicated to improving workplace productivity and safety.

Cordless Battery Pack:

Limited Warranty

Every MILWAUKEE® battery pack (sold with cordless product and/or as a replacement battery pack) is warranted to the original purchaser only to be free from defects in material and workmanship. Subject to certain exceptions, MILWAUKEE will repair or replace any part on an electric power tool which, after examination, is determined by MILWAUKEE to be defective in material or workmanship for a period of five (5) years from the date of purchase. Return of the product warranty period stated from date of purchase, whichever first occurs. The first 1000 hours or 2 years from the date of purchase/first charge, a replacement battery pack will be provided to the customer for any defective battery free of charge. Thereafter, the remaining hours up to a total of 2000 or the remainder of the five (5) year period from the date of purchase, whichever first occurs, will be covered on a pro rata basis. This warranty does not cover a M12™ LITHIUM-ION Battery Pack, a M12™ Battery Pack, or a M12™ Charge Pack or any replacement battery pack (except MILWAUKEE® replacement battery packs).

The warranty does not cover any MILWAUKEE® or third-party products. MILWAUKEE® will not be responsible for any defect or damage caused by or resulting from the use of non-MILWAUKEE® replacement parts. MILWAUKEE® does not authorize any person to create any obligation or liability on behalf of MILWAUKEE® with respect to this product. MILWAUKEE® expressly disclaims any liability for any defect or damage caused by or resulting from the use of non-MILWAUKEE® replacement parts.

Any warranty claim must be submitted to MILWAUKEE® with a properly completed warranty replacement form and a copy of the proof of purchase and the original product should be included with the return product. This warranty does not apply to damage that MILWAUKEE determines to be from repairs made or attempted by anyone other than MILWAUKEE authorized personnel, misuse, alterations, abuse, normal wear and tear, lack of maintenance, or accidents.

Normal Wear: Many power tools need periodic parts replacement and service to achieve best performance. This warranty does not cover normal wear and tear. Any items, which are subject to wear, are not covered by warranty. This includes, but is not limited to, brushes, bearings, conical saws, shoes, blade clamps, o-rings, seals, bumpers, blade drives, pistons, strikers, lifters, and bumper cover washers.

Warranty Registration:

Warranty Registration is not necessary to obtain the applicable warranty on a MILWAUKEE® battery pack. The manufacturing date of the product will be used to determine the warranty period if no proof of purchase is provided at the time warranty service is requested.

Acceptance of the exclusive repair and replacement remedies described herein is a condition of the contract for the purchase of every MILWAUKEE® product. If you do not agree to this condition, you should not purchase the product. In no event shall MILWAUKEE® be liable for any incidental, special, consequential or punitive damages, or for any costs, attorney fees, expenses, losses or delays alleged to be as a consequence of any damage to, failure of, or defect in any product including, but not limited to, any claims for loss of profits. Some states do not allow the exclusion of incidental, special, consequential or punitive damages, so the above limitation or exclusion may not apply to you.

This warranty is exclusive and in lieu of all other warranties, written or oral, except those made by MILWAUKEE® in this warranty. This warranty is limited to the duration of the applicable express warranty as described above. Some states do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you.

This warranty applies to product sold in the U.S.A. and Canada only. Please consult the “Service Center Search” in the Parts & Service section of MILWAUKEE’s website section milwaukeetool.com or call 1.800.SAWDUST (1.800.729.3878) to locate your nearest service facility for warranty and non-warranty service on a MILWAUKEE® electric power tool.

Heated Gear:

Limited Warranty

Every MILWAUKEE® Heated Gear product (including its battery holder controller) is warranted to the original purchaser only to be free from defects in material and workmanship.
