The Next Breakthrough Is Here: The World's First 18V Large Angle Grinder

MILWAUKEE, WI- Unwavering in their dedication to delivering productivity-enhancing solutions that provide the right blend of power, run-time, and performance, Milwaukee Tool is proud to announce the next breakthrough in M18 FUEL™*. The world's first 18V large angle grinder, the new M18 FUEL™ 7"/9" Large Angle Grinder generates the power of a 15amp corded LAG, is up to 2 lbs lighter than the leading corded unit, and features a 9" grinding capacity.

"Our leadership in cordless technologies is reaching new bounds – we can now deliver solutions that were previously untouchable in the 18V space," said Kevin Gee, Senior Product Manager for Milwaukee Tool. "Through a ground-up redesign of our electronics, to the manufacture of a powerful new motor and a brand-new powerhouse – the M18™ REDLITHIUM™ HIGH OUTPUT™ HD12.0 Battery—we can create the world's very first 18V large angle grinder that not only features an aggressive 9" grinding capacity, but does so while being much lighter than our industry-leading corded large angle grinder. And we could accomplish all of this without asking users to equip two batteries or move up to higher voltage. It's the ultimate boost to productivity!"

True to all M18 FUEL™ solutions, the new M18 FUEL™ 7"/9" Large Angle Grinder combines three exclusive innovations – the POWERSTATE™ brushless motor, REDLITHIUM™ battery pack, and REDLINK PLUS™ intelligence. However, to deliver the world's first 18V LAG, Milwaukee® reengineered these critical cordless components to deliver the very best performance catered to this tool and its applications.

Milwaukee® created a brand-new POWERSTATE™ Brushless Motor for this grinder, delivering the speed and capacity to grind and cut through tough applications without bogging down. Milwaukee® also redesigned from the ground-up the REDLINK PLUS™ Intelligence featured in this tool, utilizing electronics never used before in power tools. This newly designed REDLINK PLUS™ Intelligence package ensures maximum performance of the tool under load and prevents against overload and overheat.

Equipped with Milwaukee's new M18 REDLITHIUM™ HIGH OUTPUT™ HD12.0 Battery, the tool eliminates the hassle of cords or constant switching-out of multiple battery packs, while exceeding the performance of higher voltage solutions in the industry. The new HIGH OUTPUT™ HD12.0 Battery provides 50% more power, runs 50% cooler, and delivers 33% more run-time than the [M18™ REDLITHIUM™ HD9.0 Battery](#). In conjunction with REDLINK PLUS™ Intelligence and the POWERSTATE™ Brushless Motor, the HIGH OUTPUT™ Battery allows users to push the grinder hard and work all day – delivering more work-per-charge than any other professional power tool system.

Milwaukee® is committed to improving productivity by providing performance-driven and trade-focused solutions so users can perform an entire day's work on one battery system. The new M18 FUEL™ 7"/9" Large Angle Grinder is fully compatible with the entire M18™ line, now offering more than 150 power tool products, and is a true testament to Milwaukee's focus on investing in game-changing technology that truly delivers breakthrough solutions for users.

*** M18 FUEL™** is engineered for the most demanding tradesmen in the world. Delivering unrivaled performance, all M18 FUEL™ products feature three Milwaukee®-exclusive innovations—The POWERSTATE™ Brushless Motor, REDLITHIUM™ Battery Pack and REDLINK PLUS™ Intelligence Hardware and Software—that deliver unmatched power, run-time and durability on the jobsite. Simply put, M18 FUEL™ tools are the most powerful 18V cordless tools in their class.

Specifications

M18 FUEL™ 7"/9" Large Angle Grinder Kit (2785-21HD)

- Wheel Diameter: 7" /9"
- Switch Type: Trigger

- Spindle: 5/8" – 1 1/2"
- RPM: 6,600
- Line Lock-Out: YES
- Overload Protection: YES
- Tool-Free Accessory Change: YES
- Tool-Free Guard: YES
- Electronic Clutch: YES
- Anti-Vibration Handle: YES
- Length: 18.5"
- Weight: 11.95lbs (8.7 lbs. bare tool)
- 5 year warranty

Includes M18 FUEL™ 7"/9" Large Angle Grinder, (1) M18™ REDLITHIUM™ HIGH OUTPUT™ HD12.0 Battery, M18 & M12 Multi-Voltage Rapid Charger, 9" Type 27 Guard, FIXTEC Nut, Backing Flange, Spanner Wrench and Contractor Bag.

*Also available as bare tool (2785-20) & (2) Battery Kit (2785-22HD)

About Milwaukee Tool

Milwaukee Tool, founded in 1924, is a global leader in delivering innovative solutions to the professional construction trades that offer increased productivity and unmatched durability. Whether it is through their world-leading M12™ and M18™ cordless systems, the ground-breaking performance of their M12 and M18 FUEL™ products, time-saving accessories, or innovative hand tool products, Milwaukee is dedicated to delivering a steady stream of advanced, trade-specific solutions. Milwaukee Tool is a Brookfield, Wisconsin-based subsidiary of Techtronic Industries Co. Ltd. (TTI) (HKEx stock code: 669, ADR symbol: TTNDY).
