**The Next Breakthrough Is Here: Milwaukee® Develops the World's
First Cordless SUPER SAWZALL®**

MILWAUKEE, WI- Unwavering in their dedication to delivering productivity-enhancing solutions that provide the right blend of power, run-time, and performance, Milwaukee Tool is proud to announce the next breakthrough in M18 FUEL™*. The M18 FUEL™ SUPER SAWZALL® Recip Saw is the first cordless solution of its kind, generating the power of a 15amp corded recip saw. With increases in overall power and run-time across the board, the new cordless saw cuts faster than its legendary corded predecessor.

“When it comes to heavy-duty cutting, there are few tools as iconic as the SUPER SAWZALL® Recip Saw. Until now, no other portable recip saw, corded or cordless, has matched the speed and durability of our 15amp corded SUPER SAWZALL®,” said Tyson Apfelbeck, Senior Product Manager for Milwaukee Tool. “Now, we’re pushing SUPER SAWZALL® performance even further due to the vast advantages of M18 FUEL™ cordless technology. Through a ground-up redesign of our electronics, to the manufacture of a powerful new motor and a brand-new powerhouse – the M18™ REDLITHIUM™ HIGH OUTPUT™ HD12.0 Battery— we now have a cordless SUPER SAWZALL™ Recip Saw that not only meets the performance of the original – it blows it out of the water.”

True to all M18 FUEL™ solutions, the new M18 FUEL™ SUPER SAWZALL® Recip Saw combines three exclusive innovations – the POWERSTATE™ brushless motor, REDLITHIUM™ battery pack, and REDLINK PLUS™ intelligence. However, to deliver the

performance of the legendary corded SUPER SAWZALL™ Recip Saw on an 18V cordless platform, Milwaukee® reengineered these critical cordless components to deliver the very best performance catered to this tool and its applications.

Milwaukee® created a brand-new POWERSTATE™ Brushless Motor for this recip saw, which delivers constant sustained speed and power to rip through tough applications without bogging down. Milwaukee® also redesigned from the ground-up the REDLINK PLUS™ Intelligence featured in this tool, utilizing electronics never used before in power tools. This newly designed REDLINK PLUS™ Intelligence package ensures maximum performance of the tool under load and prevents against overload and overheat.

The M18 FUEL™ SUPER SAWZALL® Recip Saw touts the same corded features that made its predecessors famous such as selectable orbital action, 1-1/4" stroke length, 3000 SPM and a 5-speed setting dial.

When equipped with Milwaukee's new M18™ REDLITHIUM™ HIGH OUTPUT™ HD12.0 Battery, the recip saw can power through up to 150 cuts in 2x12 on just one charge, eliminating the hassle of cords or constant switching-out of multiple battery packs, while exceeding the performance of higher voltage solutions in the industry. The new HIGH OUTPUT™ HD12.0 Battery provides 50% more power, runs 50% cooler, and delivers 33% more run-time than the [M18™ REDLITHIUM™ HD9.0 Battery](#). In conjunction with REDLINK PLUS™ Intelligence and the POWERSTATE™ Brushless Motor, the HIGH OUTPUT™ Battery allows users to push the recip saw hard and work all day – delivering more work-per-charge than any other professional power tool system.

Milwaukee® is committed to improving productivity by providing performance-driven and trade-focused solutions so users can perform an entire day's work on one battery system. The new M18 FUEL™ Super SAWZALL® Recip Saw is fully compatible with the entire M18™ line, now offering more than 150 power tool products, and is a true testament to Milwaukee's focus on investing in game-changing technology that truly delivers breakthrough solutions for users.

* **M18 FUEL™** is engineered for the most demanding tradesmen in the world. Delivering unrivaled performance, all M18 FUEL™ products feature three Milwaukee®-exclusive innovations—The POWERSTATE™ Brushless Motor, REDLITHIUM™ Battery Pack and REDLINK PLUS™ Intelligence Hardware and Software—that deliver unmatched power, run-time and durability on the jobsite. Simply put, M18 FUEL™ tools are the most powerful 18V cordless tools in their class.

Specifications

M18 FUEL™ Super SAWZALL® (2722-21HD)

- 3000 SPM
- 1-1/4" stroke length
- On/Off Orbital Action
- Adjustable Shoe
- Hang Hook
- LED light
- Weight: 12.2 lbs (8.8 lbs bare tool)
- 5 year warranty

Includes M18 FUEL™ Super SAWZALL®, M18™ REDLITHIUM™ HIGH OUTPUT™ HD12.0 Battery, M12/M18 Multi Voltage Charger, General Purpose Blade and Contractor Bag.

*Also available as bare tool (2722-20)

About Milwaukee Tool

Milwaukee Tool, founded in 1924, is a global leader in delivering innovative solutions to the professional construction trades that offer increased productivity and unmatched durability. Whether it is through their world-leading M12™ and M18™ cordless systems, the ground-breaking performance of their M12 and M18 FUEL™ products, time-saving accessories, or innovative hand tool products, Milwaukee is dedicated to delivering a steady stream of advanced, trade-specific solutions. Milwaukee Tool is a Brookfield, Wisconsin-based subsidiary of Techtronic Industries Co. Ltd. (TTI) (HKEx stock code: 669, ADR symbol: TTNDY).
